

Welcome

Welcome to our Christmas story

Come in, bring your family

Grab yourself a drink

We bid you welcome we hope you brought your best moves

Polished up your dance shoes

This party's on the brink!

Melancholy's overrated

Joy will have your soul elated

Pressure's on, the groove is solid,

Pump the volume, let's get started

Welcome to a tasty evening

We don't mind you singing

As long as you unwind

Here is your welcome, come and join the big leagues

It's a world of intrigue,

A tale as old as time

Feel the rhythm, get you swaying

Hang on as the band are playing

Don't ignore what we are saying

Even as the music's swelling

Welcome even just the one time

We think that you will do fine

Your future's on the way

Welcome we're not selling folklore

There's such beauty in store

And all will be okay

Welcome! Welcome! Welcome! Welcome!

Welcome to the party

Welcome to the party

Celebrate with us the day that Christ was born

Welcome to the party

Welcome to the party

Celebrate with us the day that Christ was born

Welcome to the party

To our Christmas party

Celebrate with us the day that Christ was born

Welcome to our party

To our birthday party

Celebrate with us the day that Christ was born

That Christ is born
